Director's Desk

Hearty Welcome!

We appreciate your sincerity and determination to clear the important examination ahead of you. Your decision to consider Bakliwal Tutorials to be your trainer bears ample testimony to your resolve.

Every smart individual realizes the importance of an expert help at the right juncture. Behind every Edmund Hillary triumphantly waving a flag at the pinnacle lies months of toil under the watchful eyes of a committed trainer. For the past 19 years, we at BT have been the trainers for many such successful students. So, do we have some magic formula that will open the gate of a favorite institute for you? No, we do not.

There is no substitute for all the hard work that you alone must put in. What we do have is the knowledge, expertise and the right classroom culture. Our knowledge will tell you how to channelize your efforts and how to focus your attention so that you are able to achieve maximum in minimum time. Our expertise will take you through so many simulations that when you face the real test you will have confidence of being on familiar ground. Our classroom culture will help you stay positive and motivated throughout.

We have a simple definition of our success: When you succeed, we succeed.

Once again welcome to the BT family, welcome to success!

Sincerely,

Vaibhav Bakliwal

Mr. Vaibhav Bakliwal did his B.Tech in Mechanical Engineering from IIT Bombay after which he worked with TATA motors for a year. But his penchant for teaching made him build **Bakliwal Tutorials (BT) in April 2005**. BT began with the aim to help students preparing for JEE, realize their dreams; and to make sure that the preparation process itself becomes a fun-filled and growth-involving experience.

The institute is successfully doing so and is now training more than 4000 students studying in different courses at its various centers. BT is a leading institute for JEE and has produced many Maharashtra Toppers and single digit All India Ranks.

Apart from his love for studies and students, he also loves music, solving puzzles and playing chess. He has been Rajasthan Under-18 Chess champion and has played in many National level championships. He was also class representative for his batch, General Secretary for the Mechanical Department and board games secretary for the institute at IIT Bombay. Vaibhav sir very deservedly is also the Vice President (Academics) of the Coaching Federation of India (CFI).

He has truly been an inspiration to thousands of students aspiring for the coveted IITs.

Committed to create ethical, rational & powerful human beings who will bring a positive difference to the society

Consistently producing Top Ranks

An all India rank (AIR) in Top 1000 is considered to be a dream rank in IIT JEE / JEE Advanced exam. Most institutes struggle to produce such Top Ranks. BT has consistently produced such ranks in abundance year after year.

What makes BT different?

1. Unparalleled Genuine Results: Power of BT!

Unlike most institutes which do not even publish their result on their websites and thrive on fake results, we believe in absolute transparency. All the ranks mentioned by us belong to the general category unless otherwise specified clearly and all the results correspond to our classroom students. We have also given contact details of all our IIT-JEE/JEE Advanced qualified students till date, on our website, in the results section. We are yet to come across an institute in entire India which has the honesty, courage & confidence of declaring their results, consistently year after year, in such a transparent manner.

2. Regular revision lectures & Doubt clearing sessions

Apart from doubts discussed during the lecture, there will be various ways through which students can get their doubts cleared. Following are the platforms which students can use for the same:

1. 20 mins reserved for doubts after each lecture:

In addition to the doubts discussed during the lecture, each 3 hour lecture will be followed by a 20 mins doubt session. In these 20 mins, teachers will be available for doubt discussion (both in online and offline lecture). Students can make use of this extra time to interact with teachers personally and get their doubts solved.

2. Availability of teachers for doubts at centers for entire day:

At all centers, teachers dedicated for doubts are available throughout the day where students can discuss their doubts personally with them on a one-to-one basis.

3. Online doubt sessions

In addition to the above methods, separate doubt sessions are conducted in online mode on a daily basis. In such doubt sessions too, students can interact with the teacher live from their homes and get their doubts cleared.

4. Doubt forum

Bakliwal Tutorials has an interactive doubt forum with exciting features where students can post their doubts and also solve the doubts of other students. Teachers also provide detailed video solutions of the doubts in the forum. The questions are easily searchable and are systematically available for reference and learning. Despite being a closed forum, meant exclusively for BT students, BT's forum is amongst the top results in Google search.

5. Telegram group

Official Telegram groups (similar to WhatsApp groups) are created batch-wise with the sole purpose of doubts discussion. Students can post their doubts in that group and fellow batch mates along with teachers will participate to solve the same. This helps students get instant solutions to most of their doubts at almost any time of the day.

3. Competent and committed Faculty team

Many students at BT have quoted in their testimonials that BT means **Brilliant Teachers**. Over the years, more than 10,000 teachers have applied at BT. Through a stringent selection process which involves 2 rounds of rigorous Interview, Written Test and Demo Lecture, we select the best out of them. Unlike other coaching classes which have only 1 or 2 'good' teachers, each and every faculty at BT is extremely knowledgeable, approachable and passionate about teaching. Most of the teachers at BT are IITians or passouts from an equivalent top Institutes. Feedback of almost all teachers at BT, as frequently taken from students, is more than 9 out of 10.

What makes BT different?

4. Offline & Online Tests with detailed analysis

Offline and Online Tests at BT (called **BTTests**) are thought provoking and bear close resemblance to the actual JEE paper. We analyse the tests from a student's perspective providing detailed and in-depth analytics on time management and test taking strategy. The analytics for the online test are available immediately after test submission. The analytics of the offline test are emailed in a couple of days.

Some of the parameters on which students' performance is analysed are mentioned below:

➤ **Subject Analysis:** Students get to know their performance in each subject along with time spent per subject per question.

➤ **SWOT Analysis:** Students can clearly see the topics in which they are strong or weak and then can easily decide the time to be spent on each topic going forward.

➤ **Analysis as per question type:** Questions in each test are tagged as per various types (single option correct, multiple options correct, integer type etc.) and students get to know how they fared under each type giving them an understanding of where they need to improve.

➤ **Attempt Analysis:** A unique analysis of questions attempted by the students' according to their difficulty level is provided to the students' to give an understanding of whether the easier questions were attempted earlier than the difficult questions or not.

5. Merit-wise Batches

Merit based batches is one of the attributes that is common across all the successful JEE institutes across the country. It is a proven fact that when students study with peers of relatively same intelligence level, they are able to learn more and even the teachers are able to plan their lectures well. This also creates a spirit of positive & healthy competition among the students.

6. Focus on Boards & MHT-CET as well

We at BT teach the basic concepts so well that the student understands the subject to the core and then it is just a matter of a little bit of tuning according to the different exams. We ensure that the students get thoroughly prepared for the board exams & other popular exams like BITSAT, MHT-CET, Olympiads etc as well.

After the syllabus is completed in 12th standard (sometime in October), we conduct special lectures for Boards/BITSAT/MHT-CET preparation. In such lectures, students are trained as per the different pattern of these exams and mock tests of all these exams are also conducted. Students at BT have been doing exceptionally well in Boards, BITSAT, MHT-CET & other exams (details of the same have been updated on the website under "**Result in other exams**" section).

7. Well equipped classrooms, Study room & Library facility

BT offers state of the art infrastructure at each of their centre with spacious, AC ventilated classrooms having Digital Boards. In addition to the classrooms, separate study rooms are maintained which are dedicated for students for their self study. Students can also make use of the various reference books available in the library.

What makes BT different?

8. Counseling Session after JEE Advanced Result

A detailed counseling session is conducted for all the students after their JEE Advanced and other exam results are declared. In this session, along with the teachers, senior students from BT, who have joined various IITs and other top colleges like NIT's, BITS etc. participate and guide the passing out batch on the right options to choose as per their merit and interest.

9. Student Mentorship program

Each and every student at BT is assigned a personal **Mentor**. These mentors are young trainee teachers at BT, who have recently passed out from top colleges like IIT/NIT etc. Mentor keeps meeting the student at regular intervals, discusses student's academic activities in detail including the daily study routine. The mentor also keeps a check of the progress of the student and connects with the parent to discuss the same. Basically, the mentor plays the role of an elder brother/sister to the student and guides the student academically and non academically in this journey empathetically.

10. BT Culture

Out of the box events like Whizz-kid (Puzzle Competition), Felicitation Function in which meritorious students are awarded with cash prizes, staff birthday celebrations, picnic with 12th passing out students along with the faculty, seminars, counselling session after JEE Advanced result etc truly make BT different.

11. Interaction with parents on child's progress

We ensure that we stay connected with parents through various ways and keep them in loop with respect to their child's progress during the preparation. Parents are also sent absenteeism SMS on daily basis and test results with detailed analysis after every test. We also conduct a seminar on effective parenting where we share our views on how parents can contribute in child's studies. PTM is occasionally conducted where one to one feedback is provided to them etc. Parents can also meet teachers occasionally after the lectures. Thus, parents are kept totally involved during the entire journey so that we work together for the intellectual growth of the child.

12. Insightful Seminars

In addition to the regular lectures, special seminars on various topics are conducted at regular intervals to guide the student on mental and other aspects which are important for JEE preparation along with the academics part. Special seminars/interaction sessions are also conducted with parents where we discuss with them as to what can be their role on their child's preparation. This ensures that students are highly motivated and aware about all the important aspects during their JEE preparation journey.

What I will remember the most about BT is the culture. The breezy lectures that helped us study without pressure, the friendly and close teachers who were also our mentors, the close-knit social circle of the students; all of these are what make BT special. I will always remember these crucial, yet enjoyable years.

I joined BT in 8th grade for the foundation course which helped me appreciate logical reasoning and I pursued the spcl comp course in physics for 2 years (9th, 10th) which helped me appreciate the power of fundamental thinking.

In all these courses all the teachers I have encountered & all my peers have been very friendly and willing to discuss anything freely, all thanks to this wonderful culture at BT.

I have no idea what might have happened on 10th April 2011, had I never joined BT. Maybe I wouldn't have qualified at all... maybe I would have narrowly qualified with a rank in the 9000s. It's impossible to predict. But one thing is of sure - These two years spent preparing for JEE would surely not have been as much fun!

These two years in BT were, quite simply, AWESOME. I studied the hardest I had ever in my life, and I also did the most to enjoy myself these two years. And if I could turn back time, I'd do it again, no doubt.

At Bakliwal Tutorials, our Faculty is our greatest strength. Our team of seasoned educators, subject matter experts and passionate mentors are dedicated to unlock your child's potential.

Over the years, more than 10,000 teachers have applied at BT. Through a stringent selection process, we select the best out of them. Unlike other coaching classes which have only 1 or 2 'good' teachers, each and every faculty at BT is extremely knowledgeable, approachable and passionate about teaching. This is in line with the BT's value system that each and every student is taken due care of and that student maximizes his/her performance and surpasses one's own expectations.

Feedback of almost all teachers at BT, as frequently taken from students, is more than 9 out of 10 for most teachers.

Along with the regular faculty, BT has around 30+ Trainee Teachers from various IITs/NITs. They are young teachers who've themselves gone through the JEE preparation journey recently. They assist students with their doubts in both online and offline mode. They are also involved in the Student Mentoring Program and guide each and every student with a one-to-one mentoring sessions.

Courses Offered

Courses targeting JEE / BITSAT / MHT-CET

To succeed in JEE (Main & Advanced) one requires a thorough understanding of subjects: **Physics**, **Chemistry** and **Mathematics**, along with the ability to solve objective type questions with accuracy and speed. Keeping this in mind, our courses have been designed in such a manner that they will focus on core concepts and fundamentals; sharpening analytical skills and developing problem solving abilities; and speed building through intensive problem solving sessions and tests.

COMPREHENSIVE

(2 years course for 10th passed students for Engineering Entrance Exams)

COMPACT

(1 year course for 12th passed students for Engineering Entrance Exams)

SPECIAL COMPREHENSIVE

(3/4 years course for 8/9th passed students)
(meant for outstanding students only)

Unlike other institutes, which practically leave their students somewhere between 3 to 8 months before the actual JEE, we revise and re-revise the syllabus through lectures of increased time duration with systematically designed sheets and tests.

Courses meant to build Foundation

The Foundation courses at BT are thoughtfully designed to help students crack quality competitive exams. The **Physics**, **Chemistry**, **Mathematics** lectures and the corresponding assignment sheets are carefully planned to help generate early of interests in these subjects. The **Logic Lectures** further facilitate in developing the students analytical thinking and problem-solving abilities. The **Coding Lectures** will also ensure that students understand the basic concepts of coding at this early age itself, thereby giving them a competitive edge. We have also added **Biology** subject in the Foundation courses, as an additional option.

The course has a wide scope and shall also help a student in targeting exams like DHBBVC, IOQM and NSEJS. At Bakliwal Tutorials, we offer eight different Foundation courses:

FOUNDATION BASIC

(9 months course for 8th & 9th std students)

FOUNDATION ADVANCED

(9 months course after Foundation Basic)

FOUNDATION ADVANCED PLUS

(7.5 months course after Foundation Advanced)

FOUNDATION ACCELERATED

(8.5 months course for 10th standard students)

FOUNDATION SUMMER

(21 days course for going to 11th standard)

FOUNDATION BASIC (WINTER + SUMMER)

(2 to 3 months course for 8th & 9th standard students)

PRE-FOUNDATION BASIC

(7.5 months course for 6th or 7th std students)

PRE-FOUNDATION ADVANCED

(7.5 months course after Pre-Foundation Basic)

Kashvi's Parents Speak

I am thrilled to share that my child, Kashvi, has achieved remarkable success in the JEE exams, and it's all thanks to the guidance and support of Bakliwal Tutorials!

The faculty at BT went above and beyond to ensure her understanding of the concepts, providing personalized attention and encouragement every step of the way. Their teaching methods and study materials were tailored to meet her needs, helping her build a strong foundation in science and mathematics.

The institute's focus on conceptual clarity, practice & regular assessments helped her develop her confidence & skills necessary to excel in JEE Advanced. The result is a testament to the hardwork & dedication of the BT team.

I am grateful for the role BT played in my child's success and would highly recommend them to any parent seeking a supportive and enriching learning environment for their child.
