Director's Desk

Hearty Welcome!

We appreciate your sincerity and determination to clear the important examination ahead of you. Your decision to consider Bakliwal Tutorials to be your trainer bears ample testimony to your resolve.

Every smart individual realizes the importance of an expert help at the right juncture. Behind every Edmund Hillary triumphantly waving a flag at the pinnacle lies months of toil under the watchful eyes of a committed trainer. For the past 19 years, we at BT have been the trainers for many such successful students. So, do we have some magic formula that will open the gate of a favorite institute for you? No, we do not.

There is no substitute for all the hard work that you alone must put in. What we do have is the knowledge, expertise and the right classroom culture. Our knowledge will tell you how to channelize your efforts and how to focus your attention so that you are able to achieve maximum in minimum time. Our expertise will take you through so many simulations that when you face the real test you will have confidence of being on familiar ground. Our classroom culture will help you stay positive and motivated throughout.

We have a simple definition of our success: When you succeed, we succeed.
Once again welcome to the BT family, welcome to success!

Sincerely,
Vaibhav Bakliwal

Mr. Vaibhav Bakliwal did his B.Tech in Mechanical Engineering from IIT Bombay after which he worked with TATA motors for a year. But his penchant for teaching made him build Bakliwal Tutorials (BT) in April 2005. BT began with the aim to help students preparing for JEE, realize their dreams; and to make sure that the preparation process itself becomes a fun-filled and growth-involving experience.

The institute is successfully doing so and is now training more than 4000 students studying in different courses at its various centers. BT is a leading institute for JEE and has produced many Maharashtra Toppers and single digit All India Ranks.

Apart from his love for studies and students, he also loves music, solving puzzles and playing chess. He has been Rajasthan Under-18 Chess champion and has played in many National level championships.

He was also class representative for his batch, General Secretary for the Mechanical Department and board games secretary for the institute at IIT Bombay.

Vaibhav Sir very deservedly is also the Vice President (Academics) of the Coaching Federation of India (CFI).

He has truly been an inspiration to thousands of students aspiring for the coveted IITs.

Committed to create ethical, rational & powerful human beings who will bring a positive difference to the society

About Foundation Advanced Plus Course

BT Course Flowchart

(In terms of class/standard as on December 2024)

Course details

Foundation Advanced Plus course is offered to students who successfully complete Foundation Basic & Advanced course at BT. This course is applicable for student who are currently in 9th standard and pursuing the Foundation Advanced course. Foundation Advanced Plus course helps students gain depth on the concepts of Physics, Chemistry, Maths, Logic & Coding which they have learnt during the Basic & Advanced course. Topics which are relevant for their 10th boards syllabus are also included in the Foundation Advanced Plus course. Therefore, this course not only further develops their confidence but also helps them in their preparation for their 10th board exams.

2 lectures per week shall be offered in this course. Each lecture shall be of 3 hours 20 mins duration, with a 15 mins break in between. In addition to these 2 lectures per week, a few special lectures will also be conducted for **preparation of important exams like Dr. Homi Bhabha, NSEJS and IOQM etc.**

Like in the Foundation Advanced course, Biology subject is an option in the Foundation Advanced Plus course as well. Students can choose Biology as the 6th subject if they wish. Topics covered in Biology will also help them for their 10th boards preparation for Biology.

Students opting for Biology shall have an additional 2 lectures per month.

About Foundation Advanced Plus Course

Course formats

Foundation Advanced Plus course formats:

The Foundation Advanced Plus course is offered in 2 formats:

1. Foundation Advanced Plus Synergy (Offline + Online)
2. Foundation Advanced Plus Online (Completely online)

1. Foundation Advanced Plus Synergy:

In this format, every week, 1 lecture shall be conducted in classroom coaching mode at our various centers and 1 lecture shall be conducted in online mode. Online lectures are live lectures as per the batch timing, which the students can attend from the comfort of their homes. For classroom lectures, student can choose a center of his/her choice (out of the options available in this format in his merit-wise category).

2. Foundation Advanced Plus Online:

In this format, students shall attend both lectures per week online. At BT, the online lectures are live and also lively where students participate via chat and by un-muting themselves responsibly.

If students wish, they will be allowed to shift from one format to another at any time during the course, based on seat availability.

Course material & online testing platform

BT provides its own course material and recommends a few books for additional study which the student needs to arrange. It also provides an online testing platform which is used to conduct various practice tests and online BTests. This Online platform provides a detailed & personalised analysis of the student's performance like time spent to solve each question, subject wise comparison with toppers, topic wise strength & weaknesses etc. giving vital inputs for improvement in the examination technique.

Students (residing in Pune) opting for completely online or synergy format will be requested to collect the study material from their nearest BT center in Pune. Students (residing outside Pune) opting for a completely online format will get the study material via courier free of cost (within India). Overseas students will be expected to bear the courier charges.

About Foundation Advanced Plus Course

Doubt clearing platforms

Apart from doubts discussed during the lecture, there will be various ways through which students can get their doubts cleared. Following are the platforms which students can use for the same:

1. 20 mins reserved for doubts after each lecture:

In addition to the doubts discussed during the lecture, each 3 hour lecture will be followed by a 20 mins doubt session. In these 20 mins, teachers will be available for doubt discussion (both in online and offline lecture). Students can make use of this extra time to interact with teachers personally and get their doubts solved.

2. Availability of teachers for doubts at centers for entire day:

At all centers, teachers dedicated for doubts are available throughout the day where students can discuss their doubts personally with them on a one-to-one basis.

3. Online doubt sessions:

In addition to the regular weekly lectures, we shall also conduct online doubt sessions daily where students can interact with the teacher and get his/her doubts cleared.

4. Doubt Forum:

Bakliwal Tutorials has an interactive doubt forum with exciting features where students can post their doubts and also solve the doubts of other students. Teachers also provide detailed video solutions of the doubts in the forum. The questions are easily searchable and are systematically available for reference and learning. Despite being a closed forum, meant exclusively for BT students, BT's doubt forum is amongst the top results in Google search.

5. Telegram Group:

Official Telegram groups (similar to WhatsApp groups) are created batch-wise with the sole purpose of doubts discussion. Students can post their doubts in that group and fellow batch mates along with teachers will participate to solve the same. This helps students to get instant solutions to most of their doubts at almost any time of the day.

About Foundation Advanced Plus Course

Online Interaction with students & parents

In order to guide the students and parents about the Foundation Advanced Plus course and answer their queries, the following session is planned for them:

Date - 15th January 2025 (Wednesday)

6:00 to 7:30 pm: Logic revision lecture for students by Vaibhav Bakliwal Sir

7:45 to 9:00 pm: Q & A session for parents & students about the Foundation Advanced Plus course

Admission Process

Admission to the Foundation Advanced Plus course will be based on the student's performance in the 4 BTests conducted during the Foundation Advanced course till date. The following weights will be assigned to each BTest performance:

- BTest 1** - 20% weightage
- BTest 2** - 20% weightage
- BTest 3** - 20% weightage
- BTest 4** - 40% weightage

In case you were absent for any of these tests, the score for the absent test will be assumed to be the minimum score amongst all the tests for which you were present.

Note that a separate list of students who gave the BTests online and offline will be compiled and the available seats (and scholarships and batches as well) will be split amongst offline and online students in proportion to their total numbers.

Based on merit, only selected Foundation Advanced students will be offered this course. To start with, a few top students will be offered the COC batches and next few sets of students will be offered Champion batches for the Refresher Program.

The students will be informed about their selection for this course, on **16th January 2025 (Thursday)** via email and SMS. These students need to complete the admission formalities for the Foundation Advanced Plus course latest by **23rd January, 2025 (Thursday)**. After 23rd January, a few waitlisted students may be offered the admission depending upon the seats availability.

For students who do not qualify for Foundation Advanced Plus course, we strongly recommend that they repeat the Foundation Advanced course and strengthen their fundamentals.

About Foundation Advanced Plus Course

Start date of the course

The Foundation Advanced Plus course will begin during the week starting from **May 5th, 2025**.

However, there will be a '**Refresher Program**' in the month of April 2025, the details of which are given below.

Details about the Refresher Program

In this Refresher Program, we shall conduct a quick revision of the Foundation Advanced course for the Physics, Chemistry, and Mathematics subjects.

Following are the details of the Refresher Program:

Date : **7th April to 27th April 2025**
Time : 5:30 to 8:50 PM
Lectures Days : Mon, Wed, Fri
Lecture Frequency : 3 lectures per week
Lecture Mode : Online

The Refresher Program will be followed by a 3-hour test (Refresher BTest) on **Sunday, 27th April 2025**, for both slots. This test shall be conducted in **offline mode** (for students who want offline/synergy batches) and **online mode** (for students who want completely online batches).

The Refresher Program and Refresher BTest are important as they will carry 20% weightage in the first batch reallocation process for the Foundation Advanced Plus course. For this batch reallocation process, 80% weightage will be given to BTest-1 scheduled on **Sunday, 29th June 2025** and 20% weightage to the Refresher BTest scheduled on **Sunday, 27th April 2025**.

Course structure from 5th May (Foundation Advanced Plus batch)

Every 8 weeks, there will be 4 Physics, 4 Chemistry, 4 Maths, 1 Logic, 1 or 2 Coding (alternately) & 4 Biology lectures (optional) each of 3 hours 20 mins duration and 1 BTest of 3 hrs. In addition, separate doubt sessions are also conducted regularly (both online and offline) where a student gets an opportunity to get his/her doubts solved on a one to one basis.

About Foundation Advanced Plus Course

Special support lectures for Olympiad preparation

In addition to the regular lectures, special lectures will be conducted for preparation of few important exams like Mathematics Olympiad (IOQM) & Junior Science Olympiad (NSEJS) etc., as per the table below:

Exam Name	Tentative Exam Date	Eligibility	Subjects	Number of lectures	Lecture Months	Mock Tests
IOQM (Indian Olympiad Qualifier in Mathematics)	First Week of September	8th to 10th Standard	Mathematics	13 - 14	April to August	3
NSEJS (National Standard Examination in Junior Science)	Fourth Sunday of November	Class 10 and lower	Science	6 Lectures for each of Physics, Chemistry and Biology for all these exams	August to November	3

Due to space constraints, based on the BTest performance during the course, top few students will be selected to attend these special lectures live. For the rest of the students, we shall share the recording of these lectures. However, if any student is highly interested, based on space availability, we will allow him/her to attend these lectures live.

There will be no separate charges for these special lectures.

Biology as an optional subject in the Foundation Advanced Plus course

Opting for Biology shall be optional for students. Students who are currently unclear in general which field to choose after 10th standard, can keep their options open by opting for Biology along with the other subjects (Physics, Chemistry, Maths, Logic & Coding) in the Foundation Advanced course. Students in 10th standard shall also be benefited with the Biology subject for their boards preparation.

Biology Course Plan

• Respiration in plants
• Transportation
• Circulation
• Excretion
• A Plant and Animal Hormone
• Nervous System
• Genetics
• Reproduction
• Human Evolution

Fee for Biology:

An additional fee of Rs 9,000/- shall be charged for students opting for Biology in the Foundation Advanced Plus course.

FAQs For Foundation Advanced Plus Course

Q1. What is the duration of Foundation Advanced Plus Course? When does it begin and end?

Ans. Foundation Advanced Plus is a 7.5-month course which will begin during the week starting from May 5th, 2025 & shall end by mid - Dec 2025. However, there will be a 'Refresher Program' in the month of April 2025.

Q2. What about students who do not qualify for the Foundation Advanced Plus course?

Ans. For students who do not qualify for Foundation Advanced Plus course, we strongly recommend that they repeat the Foundation Advanced course and strengthen their fundamentals. Fee for students who repeat the Foundation Advanced course is **Rs. 30,000/**.

Q3. What after the completion of Foundation Advanced Plus course?

Ans. After successful completion of the Foundation Advanced Plus course, students are eligible to join our 2-year Comprehensive course, for which a separate entrance exam shall be conducted.

Q4. Would Foundation Advanced Plus course overburden the student as he has to prepare for his 10th standard board exam also this year?

Ans. Objective of this course is to keep the student in sync with the JEE preparation and ensure their steady progress for the same. Hence, any break in between is not desirable. We have kept the duration of this course short (only 7.5 months) and would be ending this course in mid - Dec itself so that the student gets free early for his board exam preparation. Hence, this course in no way would overburden the student. On the contrary, most topics from this course shall only help students for their 10th boards preparation.

Q5. We have heard that BT encourages a few outstanding students from 9th/10th std to attend 1 subject out of P/C/M with 11th standard students. Is that true?

Ans. Yes, this course is called the 'Special Comprehensive course'. Many top rankers from BT have benefitted from this concept. For example, Vedang Asgaonkar (JEE Adv 2020, AIR 7), Omkar Thakoor (IIT-JEE 2010, AIR 11), AIR 39), Soham Joshi (JEE Adv 2021, AIR 46), Vedant Talegaonkar (JEE Adv 2022, AIR 89), Kalpesh Krishna (JEE Adv 2014, AIR 93), Shlok Pande (JEE Adv 2021, AIR 94), Shubhranil C. (JEE Adv 2021, AIR 157), Sahil Agrawal (IITJEE 2010, AIR 176), T. Akshay (JEE Adv 2016, AIR 182) & Arnhav Datar (JEE Adv 2018, AIR 200) are few toppers who had benefitted from this concept. In fact, all of them except Vedant Talegaonkar cleared Physics Olympiad 1st round as well, with Soham, Vedang, Omkar, Sahil, Arnhav & T. Akshay cleared 2nd round also. Vedang scored a perfect 100 percentile in Physics in JEE Main 2020. Vedang Asgaonkar, Kalpesh Krishna, T. Akshay & Arnhav Datar are toppers at their respective IITs as well.

What makes BT different?

1. Unparalleled Genuine Results: Power of BT!

Unlike most institutes which do not even publish their result on their websites and thrive on fake results, we believe in absolute transparency. All the ranks mentioned by us belong to the general category unless otherwise specified clearly. All the results correspond to our classroom students. We have also given contact details of all our IIT-JEE/JEE Advanced qualified students till date, on our website, in the results section. We are yet to come across an institute in entire India which has the honesty, courage & confidence of declaring their results, consistently year after year, in such a transparent manner.

2. Offline & Online tests with detailed analysis

Offline and Online Tests at BT (called BTests) are thought provoking and bear close resemblance to the actual JEE paper. We analyse the tests from a student's perspective providing detailed and in-depth analytics on time management and test taking strategy. The analytics for the Online test are available immediately after test submission. The analytics of the Offline test are emailed in a couple of days.

Some of the parameters on which students' performance is analysed are mentioned below:

- **Subject Analysis:** Students get to know their performance in each subject along with time spent per subject per question.
- **SWOT Analysis:** Students can clearly see the topics in which they are strong or weak and then can easily decide the time to be spent on each topic going forward.
- **Analysis as per question type:** Questions in each test are tagged as per various types (single option correct, multiple options correct, integer type etc.) and students get to know how they fared under each type giving them an understanding of where they need to improve.
- **Attempt Analysis:** A unique analysis of questions attempted by the students' according to their difficulty level is provided to the students' to give an understanding of whether the easier questions were attempted earlier than the difficult questions or not.

3. Merit wise batches

Merit based batches is one of the attributes that is common across all the successful JEE institutes across the country. It is a proven fact that when students study with peers of relatively same intelligence level, they are able to learn more and even the teachers are able to plan their lectures well. This also creates a spirit of positive & healthy competition among the students.

4. Focus on Boards & MHT-CET as well

We at BT teach the basic concepts so well that the student understands the subject to the core and then it is just a matter of a little bit of tuning according to the different exams. We ensure that the students get thoroughly prepared for the board exams & other popular exams like MHT-CET, BITSAT, Olympiads etc as well. After the syllabus is completed in 12th std (sometime in October), we conduct special lectures for Boards/BITSAT/MHT-CET preparation. In such lectures, students are trained as per the different pattern of these exams and mock tests of all these exams are also conducted. Students at BT have been doing exceptionally well in Boards, BITSAT, MHT-CET & other exams (details of the same have been updated on the website link: https://www.bakliwaltutorialsiiit.com/result_other_exam/).

What makes BT different?

5. Well Equipped Classrooms, Study Room & Library Facility

BT offers state of the art infrastructure at each of their centre with spacious, AC ventilated classrooms having Digital Boards. In addition to the classrooms, separate study rooms are maintained which are dedicated for students for their self study. Students can also make use of the various reference books available in the library.

6. Counseling Session after JEE Advanced Result

A detailed counseling session is conducted for all the students after their JEE and other exam results are declared. In this session, along with the teachers, senior students from BT, who have joined various IITs and other top colleges like NIT's, BITS etc. participate and guide the passing out batch on the right options to choose as per their merit and interest.

7. Student Mentorship Program

Each and every student at BT is assigned a personal Mentor. These mentors are young trainee teachers at BT, who have recently passed out from top colleges like IIT/NIT etc. Mentor keeps meeting the student at regular intervals, discusses student's academic activities in detail including the daily study routine. The mentor also keeps a check of the progress of the student and connects with the parent to discuss the same. Basically, the mentor plays the role of an elder brother/sister to the student and guides the student academically and non academically in this journey empathetically.

8. BT Culture

Out of the box events like Whizz-kid (Puzzle Competition), Felicitation Function in which meritorious students are awarded with Cash Prizes, Staff birthday celebrations, Picnic with 12th passing out students along with the faculty, Seminars, Counselling Session after JEE Advanced result etc truly make BT different.

9. Interaction with parents on child's progress

We ensure that we stay connected with parents through various ways and keep them in loop with respect to their child's progress during the preparation. Parents are also sent absenteeism SMS on daily basis and test results with detailed analysis after every test. We also conduct a seminar on effective parenting where we share our views on how parents can contribute in child's studies. PTM is occasionally conducted where one to one feedback is provided to them etc. Parents can also meet teachers occasionally after the lectures. Thus, parents are kept totally involved during the entire journey so that we work together for the intellectual growth of the child.

10. Insightful Seminars

In addition to the regular lectures, special seminars on various topics are conducted at regular intervals to guide the student on mental and other aspects which are important for JEE preparation along with the academics part. Special seminars/interaction sessions are also conducted with parents where we discuss with them as to what can be their role on their child's preparation. This ensures that students are highly motivated and aware about all the important aspects during their JEE preparation journey.

I joined BT in 8th grade for the foundation course which helped me appreciate logical reasoning and I pursued the spld comp course in physics for 2-years (9th, 10th) which helped me appreciate the power of fundamental thinking. In all these courses all the teachers I have encountered & all my peers have been very friendly and willing to discuss anything freely, all thanks to this wonderful culture of BT.

I have no idea what might have happened on 10th April 2011, had I never joined BT. Maybe I wouldn't have qualified at all... maybe I would have narrowly qualified with a rank in the 4000s. It's impossible to predict. But one thing is of sure - These two years spent preparing for JEE would surely not have been as much fun!

These two years in BT were, quite simply, AWESOME. I studied the hardest I had ever in my life, and I also did the most to enjoy myself these two years. And if I could turn back time, I'd do it again, no doubt.
