(Where Best students meet Best teachers)

Leaflet for students currently in 11th standard

Comprehensive Course (2 years course)

(From 1st July 2026 to May 2028)

Available in Completely Offline & Completely Online formats

At Bakliwal Tutorials (BT), for the last 20+ years, we have served thousands of impressionable students who have turned into rational, ethical, and influential beings, contributing to a better society. Throughout this journey, students and parents have graciously bestowed immense affection and support upon us. As we have completed our 20+ years this year, we feel humbled and grateful. We pledge to continue innovating and providing top-quality services to our students. Year after year, BT consistently produces the highest number of JEE ranks (Top 1000/ 2000/ 5000/ 10000/ Overall) in Pune, with one of the best success ratios nationally. Known for our ethics and transparency, we are the only institute in the country that publishes the contact details of all our JEE Advanced qualified classroom students along with their other achievements. We encourage parents to make informed decisions by objectively comparing results on institute websites, rather than relying on marketing claims.

Director's Desk

Hearty Welcome!

We appreciate your sincerity and determination to clear the important examination ahead of you. Your decision to consider Bakliwal Tutorials to be your trainer bears ample testimony to your resolve.

Every smart individual realizes the importance of an expert help at the right juncture. Behind every Edmund Hillary triumphantly waving a flag at the pinnacle lies months of toil under the watchful eyes of a committed trainer. For the past 20 years, we at BT have been the trainers for many such successful students. So, do we have some magic formula that will open the gate of a favorite institute for you? No, we do not.

There is no substitute for all the hard work that you alone must put in. What we do have is the knowledge, expertise and the right classroom culture. Our knowledge will tell you how to channelize your efforts and how to focus your attention so that you are able to achieve maximum in minimum time. Our expertise will take you through so many simulations that when you face the real test you will have confidence of being on familiar ground. Our classroom culture will help you stay positive and motivated throughout.

We have a simple definition of our success: **When you succeed, we succeed.**

Once again welcome to the BT family, welcome to success!

Sincerely,

Vaibhav Bakliwal

Mr. Vaibhav Bakliwal did his B.Tech in Mechanical Engineering from IIT Bombay after which he worked with TATA motors for a year. But his penchant for teaching made him build Bakliwal Tutorials (BT) in April 2005. BT began with the aim to help students preparing for JEE, realize their dreams; and to make sure that the preparation process itself becomes a fun-filled and growth-involving experience.

The institute is successfully doing so and is now training more than 6000 students studying in different courses at its various centers. BT is a leading institute for JEE and has produced many Maharashtra Toppers and single digit All India Ranks.

Apart from his love for studies and students, he also loves music, solving puzzles and playing chess. He has been Rajasthan Under-15 & Under-18 Chess Champion and has played in many National level championships. He was also class representative for his batch, General Secretary for the Mechanical Department and board games secretary for the institute at IIT Bombay.

Vaibhav sir very deservedly is also the Vice President (Academics) of the Coaching Federation of India (CFI). He has truly been an inspiration to thousands of students aspiring for the coveted IITs.

Committed to create ethical, rational & powerful human beings who will bring a positive difference to the society.

Upholding 20 Years of Legacy

- ➔ We have affectionately served many **tens of thousands** of impressionable students who have turned into **rational, ethical, and influential** beings, contributing to a better **society**.
- ➔ The way we focus on **concepts & logic** rather than **rote learning**, our students experience the joy of learning which stays with them through **college and beyond**.
- ➔ Most BT alumni are **excelling at IITs** & in their careers. For example, recently, at **IIT-Bombay**, our student **Vedang Asgaonkar** was conferred the prestigious **President Gold medal** for being the overall batch topper across all departments.
- ➔ At BT, we celebrate **Logic** and we have been the **pioneers** of the **Foundation course in Pune**, which we introduced in **2006**, setting a trend in **early preparation**.
- ➔ We have had **single digit ranks in JEE seven times**. No other institute in **Pune** has ever produced a single digit rank in **JEE Advanced**. Apart from the top ranks, the **total number of students** from BT that go into **top colleges** is **unparalleled**.
- ➔ Most national players are **financially struggling** & have expanded uncontrollably through franchisees. We are a **strong & stable organisation** with no franchisees and our **commitment** towards students is **unmatched**.
- ➔ We attract the best of the teachers from across the country due to our **ethical work Culture** and **rewarding remunerations**.
- ➔ As we complete our **20 years**, we feel **humbled and grateful**. We pledge to continue **innovating** and providing **top-quality services** to our students.

About NSE: The Science and Astronomy Olympiad Programme in India has five stages. It starts with the **NSE**, a national-level exam held in November. Top scorers qualify for the **INO** in January, followed by selection for the **OCSC** at HBCSE (Mumbai), where students receive advanced training. Final team members attend a **Pre-Departure Camp** before competing in the **International Olympiads**, where Indian students often win medals.

About Comprehensive Course

Course details

To succeed in prominent engineering entrance exams, one requires a thorough understanding of subjects: **Physics, Chemistry, and Mathematics**, and the ability to solve unseen and new questions with accuracy and speed. Comprehensive course is designed in such a way that a sincere student is bound to cultivate self-confidence and acquire a grip and easy feel for all engineering entrance exams.

At BT, we have mastered a 4-week format. In each 4 week cycle, we conduct (at least):

- **22 lectures**, each of 3 hours duration (followed by 20-minutes doubt session)
- **7 tutorial sessions** of 2 hours duration to revise old and tough concepts
- 1 three hours test called **BTest** (with common ranking across batches) with detailed analysis
- 1 three hours **Practice Test** before the BTest
- 2 three hours varied difficulty level Practice Tests after the BTest
- 4 small **Weekly Tests** along with numerous ad-hoc tests during the course

This structure ensures effective and timely completion of the syllabus. This is further followed by 3 rounds of rigorous revisions till JEE Advanced. With **2500+ hrs of Class Room/Online teaching, more than 100 tests** and many more hours of doubt sessions, this two year course for 11th entering students is truly comprehensive.

Few batches have already started with the above structure from April in which lectures are conducted 3 hours 30 minutes per day for 6 days in a week (averagely). The new batch starting from 1st July (Wednesday) shall have lectures for 6 days a week for 4 hours 30 minutes per day (with a 15 min break in between and last 15 mins for doubts). The duration of the lecture in this new batch has been increased to get this batch in sync with the earlier batches. This batch shall get in sync with the earlier batches by around December, post which it shall merge with the earlier batches.

Till the mid of October 2026, the students will be thoroughly taught all the topics from JEE syllabus. From mid October 2026, we will revise and re-revise the syllabus through lectures, systematically designed sheets and tests till the JEE Advanced exam (conducted in the 3rd or 4th week of May 2027). Also, special batches for MHT-CET/BITSAT/Boards will be floated after October 2026.

About Comprehensive Course

Course material & Online testing platform

BT provides all students with its detailed course material in booklet form & an online testing platform. The course material comprises **18 booklets** with detailed theory & practice questions. Solutions to all questions are provided separately. Through regular online and offline JEE-like tests, we provide a detailed & personalized analysis of the student's performance like time spent to solve each question, subject-wise comparison with toppers, topic-wise strengths & weaknesses, etc., giving vital inputs for improvement in the examination technique. Students opting for completely offline format will be requested to collect the study material from their nearest BT center in Pune. Students opting for a completely online format will get the study material via courier & will be expected to bear the courier charges.

Doubt clearing platforms

Apart from doubts discussed during the lecture, there will be various ways through which students can get their doubts cleared. Following are the platforms which students can use for the same:

1. Doubts during breaks or after each lecture:

Students can utilize break time (15 mins) or the period after lecture (15 mins) to engage with teachers individually and clarify their doubts.

2. Availability of teachers for doubts at centers for entire day:

At all centers, teachers dedicated for doubts are available throughout the day where students can discuss their doubts personally with them on a one-to-one basis.

3. Online doubt sessions:

In addition to the regular weekly lectures, we shall also conduct online doubt sessions daily (in multiple time slots) where students can interact with the teacher and get his/her doubts cleared.

4. Doubt Forum:

Bakliwal Tutorials has an interactive doubt forum with exciting features where students can post their doubts and also solve the doubts of other students. Teachers also provide detailed video solutions of the doubts in the forum. The questions are easily searchable and are systematically available for reference and learning. Despite being a closed forum, meant exclusively for BT students, BT's doubt forum is amongst the top results in Google search.

5. Telegram Group:

Official Telegram groups (similar to WhatsApp groups) are created batch-wise with the sole purpose of doubts discussion. Students can post their doubts in that group and fellow batch mates along with teachers will participate to solve the same. This helps students to get instant solutions to most of their doubts at almost any time of the day.

About Comprehensive Course

Types of Batches (after December month)

Getting the best students together is one of the attributes that is common across all the top rank producing institutes in the country. The concept of '**merit wise batches**' allows students to study with their peers of relatively similar preparedness. This maximizes the personal growth of students and even the teachers are able to plan their lectures well. This also creates a spirit of positive & healthy competition among the students.

Types of Batches: In Comprehensive course, there are **5 types** of batches.

1. **Wizards of Wizards (WOW)** - This batch shall be created from 1st week of June. Top few students as per their performance in entrance exam & 2 BTests conducted till then shall be offered this batch.
2. **Wizards** - Students who perform exceptionally well in the entrance exam are selected for the Wizards batch.
3. **Champions of Champions (COC)** - The next set of students who perform very well get selected for the COC batch.
4. **Champions** - Students who do well but are not able to get through COC are selected for the Champions batch.
5. **Challengers** - Students who do not perform well but are keen and committed to working hard are selected for the Challengers batch.

Students who do not perform even up to a bare minimum level will not be offered admission

To begin with, students will start attending the lectures in the new batch starting from 1st July. Till December 2026, when the syllabus of the new batch comes in sync with the earlier batches, students of this new batch shall merge with the earlier batches which have started as per the above merit wise category. The category of batches to the new batch students shall be allotted that time as per performance in the BTests conducted during these months. Then the BTest shall happen once in every 4 weeks & the re-allotment will happen after three BTests as per combined performance in those three BTests. The shuffling ends after the 11th standard and a final batch is allotted to every student as per their merit at the beginning of 12th standard.

Course formats (after December month)

The 2 years Comprehensive course is offered in 2 formats:

1. **Comprehensive Offline (completely offline)**
2. **Comprehensive Online (completely online)**

The contact hours and all other services provided are the same across both the formats.

If students wish, they will be allowed to shift from one format to another at any time during the course, based on seat availability.

About Comprehensive Course

Fresh Batch starting from Wednesday, 1st July

FC Road Centre

Timing: **3.30 PM to 8.00 PM**

Offline (Live Relay option for students attending online)

Note:

1. The classes in the above batches shall be conducted for 4 hours 30 minutes per day (with a 15 mins break in between & last 15 mins for doubts) for 6 days in a week (averagely). The duration of the lecture in this new batch has been increased to get this batch in sync with the earlier batches.
2. The syllabus of these batches shall come in sync with previously started batches by around December 2026.
3. After December 2026, students of these batches shall be merged with previously started batches, on the basis of their merit and preference.
4. Details of those previously started batches are mentioned ahead in this leaflet.
5. Most batches have already started from April, in which lectures are conducted 3 hours 30 minutes per day for 6 days in a week (averagely).
6. Batch categories for new students will be assigned based on their performance in the BTests conducted till Dec 2026.
7. Then the BTest shall happen once in every 4 weeks & the re-allotment will happen after 3 BTests as per combined performance in those three BTests.
8. The shuffling ends after the 11th standard and a final batch is allotted to every student as per their merit at the beginning of 12th standard.
9. Till the end of October 2027, the students will be thoroughly taught all the topics from the JEE syllabus (for details, see the table on the next page). From November 2027, exhaustive revision rounds will be conducted. We will revise and re-revise the syllabus through lectures, systematically designed sheets and tests till the JEE Advanced exam (conducted in the 3rd or 4th week of May 2028).
10. Special batches for MHT-CET, BITSAT and Boards will also be floated after October 2027. Students who wish to attend these batches are allowed to attend these batches along with their regular batch.

About Comprehensive Course

Tentative Course Plan: Month by month

Month	Physics	Mathematics	Chemistry
Jul-26	Introduction to Forces & Vectors, Vectors Complete (except cross product), Newton's Laws of Motion Complete (except Pseudo Forces and not Requiring Calculus), Kinematics, Kinematical equations, Friction (static and kinetic)	Number Systems & Set Theory (Without Relations), Arithmetic Progression, G.P, H.P, A.G.P, General Series, AM-GM, Inequality	Stoichiometry, Atomic Structure, Periodic Table
Aug-26	Derivatives, Integration, Area under the curve, NLM & Kinematics Problems, Constrained motion, 2D Kinematics	Quadratic Equations, Theory of Equations, Modulus, Trigonometric Identities	Chemical Bonding
Sep-26	Projectile Motion, Circular Motion, Work, Power and Energy	Trigonometric Equations, Logarithms, Determinants	Redox, Gaseous State
Oct-26	COM and Momentum	Straight Lines and Pair of Lines	Thermodynamics, s-block
Nov-26	Rotation	Circles (Except Family of Circles)	Chemical Equilibrium, IUPAC, 13 family
Dec-26	Hydrostatics, Hydrodynamics, Viscosity	Family of Circles, P ' n ' C, Binomial Theorem	Ionic Equilibrium, Isomerism
Jan-27	Surface Tension, Elasticity, Linear SHM+energy method, Angular SHM	Binomial Theorem contd., Complex Numbers (except Geometry)	Ionic Equilibrium (continued), GOC, Noble gases, POC - 1
Feb-27	Superposition, Waves on a string, Sound Waves (except Doppler Effect)	Complex Numbers (Geometry), Matrices	Chemical Kinetics, GOC (continued), 14 family
Mar-27	Doppler Effect, Ray optics + wave optics (diffraction + polarization), Optical instruments, Heat and Temperature, Calorimetry, KTG	Functions (excluding Relations and including Inverse Trigo Functions), Limits	Chemical Kinetics (continued), Nuclear Chemistry, Solutions, GOC (continued), Reaction Mechanisms, 15 family
Apr-27	Ray optics + wave optics (diffraction + polarization), Optical instruments	Continuity and Differentiability, Method of Differentiation, Application of Derivatives (Tangent and Normal only)	Solutions (continued), Electrochemistry, Reaction Mechanisms (continued), 15 family (continued)
May-27	Thermodynamics, Heat Transfer, Electrostatics	Application of Derivatives contd., Indefinite Integration (Only basic formulae and substitution)	Electrochemistry (continued), d-block, Reaction Mechanisms (continued), OMC, Aliphatic Hydrocarbons, 16 family
Jun-27	Heat Transfer, Electrostatics except Dipole	Indefinite Integration and Definite Integration	Coordination Chemistry, Aliphatic Hydrocarbons (continued), 17 family
Jul-27	Dipole, Gauss Law, Conductors, Current Electricity	Area under the curve, Differential Equations, Vectors and 3D (till dot product)	Coordination Chemistry (continued), Qualitative Analysis, Aromatic Hydrocarbons, Alkyl Halides, Metallurgy
Aug-27	Current Electricity contd. Capacitors, Magnetic Field, Magnetic Properties of Materials	Vectors and 3D contd., Probability (Classical Probability and Probability of Compound Events)	Qualitative Analysis, Solid State, Oxidation-Reduction, APE
Sep-27	Magnetic Field contd., Magnetic Force, EMI, EM Waves, Gravitation	Probability continued (without probability distribution), Parabola	Solid State (continued), Aldehydes and Ketones, Polymers, Chemistry in Everyday Life
Oct-27	AC, Photoelectric effect, Bohr Model, Nuclear Physics, X- Rays, Semiconductors, Damping, Error Analysis	Ellipse, Hyperbola, Mains topics (including, probability distribution, reasoning, etc.)	Surface Chemistry, f-block, Acid Derivatives, Nitrogen Compounds, Environmental Chemistry

Note: From end October 2027, systematic revision will be done along with the test series. Special batches for MHT-CET/BITSAT/Boards will also be floated then.

About Comprehensive Course

Tentative course plan post syllabus completion : For JEE (Main + Advanced) Revision

Period	Plan
Start of Nov 2027 To mid Jan 2028	Round I: An exhaustive, topic wise JEE revision is scheduled with 2 parallel tracks per subject.

Note: Usually, JEE Main Session I takes place between the 3rd and 4th week of January. Therefore, the exact completion date of Round I depends on the JEE Main Session I slot.

Period	Plan
1st week of Feb 2028 Till last week of March 2028	Round II: An exhaustive, topic wise JEE revision is scheduled with 2 parallel tracks per subject.

Note: Usually, JEE Main Session II takes place between the 1st and 2nd week of April. Therefore, the exact completion date of Round II depends on the JEE Main Session II slot.

Period	Plan
Mid April 2028 Till 1 week prior to JEE Advanced 2028	Round III: Rigorous topic wise JEE Advanced revision is scheduled with 2 parallel tracks per subject.

Note: Usually, JEE Advanced takes place on the 3rd or 4th Sunday of May. Therefore, the exact completion date of Round III depends on the JEE Advanced date.

Apart from academics, BT regularly conducts online guidance sessions for JEE aspirants and their parents, as per the schedule given below:

Form Filling session	Oct/Nov & April	<i>To make them aware about all exams</i>
Gather Together session	Before JEE exam	<i>To motivate & charge them before exam</i>
JOSAA Counselling session	Post JEE Advanced results	<i>To help them for admission process</i>

About Comprehensive Course

Tentative course plan post syllabus completion: For MHT-CET Revision

This batch shall be additional to the regular JEE revision batches. Students can attend this batch along with their JEE revision batch during this period.

Period	Physics	Mathematics	Chemistry
Week 1 (November 2027)	Motion in a plane + Laws of motion	Trigonometry	Liquid Solutions + Electrochemistry
Week 2 (November 2027)	Rotational Dynamics + Mechanical Properties of Fluid	Limits, Continuity and Differentiability + Differentiation	Chemical Kinetics + Haloalkanes and Haloarenes
Week 3 (November 2027)	Oscillations + Wave Motion	Indefinite Integration & AOD + Definite integration	Alcohol, Phenol & Ether + Aldehydes, Ketones & Carboxylic Acids
Week 4 (November 2027)	Sound Waves + Gravitation	Differential Equations + Determinants	Amines + Coordination Compounds
Week 5 (December 2027)	Thermal expansion + Thermodynamics	Linear Programming + Mathematical Logic	The d- and f-Block Elements + Biomolecules
Week 6 (December 2027)	Kinetic theory of gases + Heat transfer	Complex Numbers + Sequence n Series	Polymers
Week 7 (December 2027)	Electrostatics	Sets & Relations + Functions	Basic concepts of Chemistry + Structure of Atom
Week 8 (December 2027)	Current Electricity	Method of Induction + Binomial Theorem	Classification of Elements and Periodicity + Chemical Bonding and Molecular Structure
Week 9 (January 2028)	Magnetic Effects of Current + Magnetism	Straight Line + Circle	States of Matter
Week 10 (January 2028)	Alternating Current & EMI	Conic Sections Permutations & Combinations	Thermodynamics + Redox Reactions
Week 11 (January 2028)	Ray Optics	Probability Distribution + Binomial Distribution	Solid States + Surface Chemistry

JEE Main January Session - (Usually, JEE Main Session I takes place between the 3rd and 4th week of January)

Week 12 (February 2028)	Optical Instruments + Wave Optics	Vectors + 3D Geometry	Organic Chemistry
-----------------------------------	-----------------------------------	-----------------------	-------------------

Board Exams (HSC Maharashtra 12th / CBSE 12th / ISC 12th / Others) - (from February 2028 to end March 2028)

Week 13 (April 2028)	Dual Nature of Radiation and Matter + Atoms and Nuclei	Matrices + Measures Of Dispersion	Hydrocarbons
--------------------------------	--	-----------------------------------	--------------

JEE Main April Session Schedule - (Usually, JEE Main Session II takes place between the 1st and 2nd Week of April)

Week 14 (April 2028)	Semiconductors + Communication Systems	Equations/Inverse Trigonometric Functions + Pair of Straight Lines	Hydrocarbons
--------------------------------	--	--	--------------

MHT-CET 2028 - (Usually, MHT-CET takes place between the 3rd and 4th week of April)

Selection process for the Comprehensive Program

Selection for the Comprehensive course (Batch III) starting from 1st July will be based on the performance in the below mentioned On-Spot entrance exam.

Entrance Date : On-Spot (IQ based test)

3:45 pm - Reporting Time

4:00 to 5:30 pm - Online Test (IQ Based)

1. The On-Spot Entrance Exam will be conducted in either Offline (at selected centres) or AI-Proctored Online mode. If the student registers for the On-Spot Entrance Exam before 1.00 pm then he/she can appear on same day else have to appear for the On-Spot Entrance Exam the next day at 4.00 pm.
2. The entrance exam shall be conducted at 4.00 pm on the above mentioned day. One of our staff members will be your one point contact for all your queries.
3. Students opting for the Online Onspot Entrance Exam will receive a practice test link before the actual examination, containing 4 questions just to make you well versed with the Online Proctored Test. Student should take a practice test to get used to writing a test online and report the difficulty faced if any. Note that the difficulty level in the practice test is not representative of the actual entrance test.
4. The duration of the entrance test shall be 1.5 hours and it shall go live at sharp 4.00 pm. Kindly note, student would not be able to begin the test after 4.15 pm. A stable internet connection shall help in smooth conduction of the test.
5. Result (which includes the type of batch allocated to you and the scholarship won, if any) of the test will be communicated within 24 hours via email.
6. For the admission process, duly filled enrollment form has to be submitted online and first installment amount (**Rs. 1,00,000/-**) has to be paid within 2-3 days of result declaration.
7. The start date of the Comprehensive course (Batch III) is **1st July**. We earnestly request you to complete the admission formalities at the earliest to ensure you do not miss any lectures.
8. Students who do not enroll within a week from the day of result declaration will not be entitled for any scholarship.
9. The fee for this entrance exam is Rs. 500 only (non-refundable), which should be paid while registering for the exam. Registration can be done at any of our offices or it can be done online through our website.

About Comprehensive Course

About Online Proctored Entrance Exam

The entrance exam will be conducted online in a proctored setup to ensure fairness and integrity. It will follow a hybrid proctoring model, combining both AI and human monitoring. **During the exam, your screen, microphone, and webcam will be actively monitored** to ensure that no unfair means are used. To attempt the exam, it is **mandatory to have a laptop or desktop equipped with a functioning webcam and microphone, along with a stable internet connection.**

Note: To make you well versed with Online Proctored Test, you will receive a 10-minute practice test link a few days before the actual examination. Student should take that test to get used to writing a test on the online proctored platform.

If you do not have the required setup, please inform us in advance at info@bakliwالتutorialsiit.com so that we can assist you with an alternative way to take the entrance exam.

How to Register for On-Spot Entrance Exam

ONLINE PAYMENT FOR REGISTRATION

For registering online for the entrance exam:

- You can visit https://www.bakliwالتutorialsiit.com/entrance_registration/
- Fill the registration form
- Select the course '**Comprehensive 2028 - JEE/CET course for students moving to 11th standard**
- Pay & register
- Then select the suitable mode of payment from the given options and pay Rs.500/- **(Non-refundable)**

- **Fee once paid is non-refundable.**

Scholarships

Scholarships based on BT's Entrance exam performance

Rs. 15,000 to Rs. 1,30,000	For students with good to outstanding performance in BT's entrance examination.
-------------------------------	---

Note: This performance is evaluated after comparing performances of other students in previous entrances of similar difficulty level.

Scholarships based on performance in Government approved Olympiads

Rs. 2,55,000	For students selected for the Indian Team for Mathematics, Physics, Chemistry, Astronomy or Junior Science Olympiads conducted by Homi Bhabha Center for Science Education
Rs. 1,55,000	For students who have cleared Stage 2 of Science Olympiads (INPhO , INChO , INAO or INJSO) or cleared Stage 3 of Mathematics Olympiad (INMO)
Rs. 1,15,000	For students who have cleared Stage 1 of Olympiads (NSEP , NSEC , NSEA or NSEJS) & cleared RMO - Stage 2 of International Maths Olympiad
Rs. 70,000	For students who have cleared Stage 1 of Informatics Olympiad
Rs. 60,000	For students who have cleared IOQM - Stage 1 of International Maths Olympiad (IMO) & received admit card for RMO .

Assistance for School & College admission/Hostel & Transport facility

Assistance to choose School/College for 11th and 12th standard

There are some schools/colleges that have an understanding attitude towards students preparing for JEE. Taking admission in any of these colleges will enable you to devote maximum time for JEE preparation. We can share their names after the entrance exam.

Assistance to choose a Hostel for outstation students

We have a **boys hostel exclusively for BT students** located at a 2 min walking distance from BT's Katraj Center. The details of this hostel are given below:

Torrent Co-Living Boys Hostel

Arihant Chambers, Plot no. 1, Chaitanya Nagar, Next to Bharati Hospital, Dhankawadi, Pune – 411043

 <https://maps.app.goo.gl/72E2a5wEgnbxbYWx5>

Contact Mr. Sujit: 8888845635

Highlights of this Hostel:

- Single seater / 2-seater / 3-seater rooms available on first cum first basis
- BT lecture + Study room in the same hostel
- BT Katraj Center at 2 min walking distance
- 1 Set of PCM teachers shall stay with students in the hostel and monitor/ mentor them.
- Mess, Sports/recreational activities provided in the same hostel.
- Student's daily timetable shall be prepared and monitored by BT.

We also provide a **list of some good hostels in Pune for girls and boys near the BT centers**. Please note that BT is in no way associated (financially or otherwise) with any of these hostels. Senior BT students have stayed in these hostels and have given good feedback about them.

To see this list, visit:

Assistance for Carpooling or deciding Van-vendors

Just before the offline lectures begin, once your batches at BT have been finalised, we'll get the location details of the students interested in carpooling or in joining the van service. We shall then divide these students in small groups such that students living in the vicinity of each other and who have been allocated the same batch at BT will be in the same group. We'll then share the details of students in the same group with each other so that can then coordinate with each other and decide to either carpool or join some van service.

We have a list of some van vendors who have been providing such service to our students from a few years. Please note that BT is in no way associated (financially or otherwise) with any of these vendors. Senior BT students have given good feedback about them and hence we are recommending them. All the related financial transactions need to be done directly with the transport service provider only.

For viewing the list of these responsible Van Vendors visit:

What makes BT different?

1. Unparalleled Genuine Results: Power of BT!

Unlike most institutes which do not even publish their result on their websites and thrive on fake results, we believe in absolute transparency. All the ranks mentioned by us belong to the general category unless otherwise specified clearly. All the results correspond to our classroom students. We have also given contact details of all our IIT-JEE/JEE Advanced qualified students till date, on our website, in the results section. We are yet to come across an institute in entire India which has the honesty, courage & confidence of declaring their results, consistently year after year, in such a transparent manner.

2. Offline & Online tests with detailed analysis

Offline and Online Tests at BT (called BTests) are thought provoking and bear close resemblance to the actual JEE paper. We analyse the tests from a student's perspective providing detailed and in-depth analytics on time management and test taking strategy. The analytics for the Online test are available immediately after test submission. The analytics of the Offline test are emailed in a couple of days.

Some of the parameters on which students' performance is analysed are mentioned below:

- **Subject Analysis:** Students get to know their performance in each subject along with time spent per subject per question.
- **SWOT Analysis:** Students can clearly see the topics in which they are strong or weak and then can easily decide the time to be spent on each topic going forward.
- **Analysis as per question type:** Questions in each test are tagged as per various types (single option correct, multiple options correct, integer type etc.) and students get to know how they fared under each type giving them an understanding of where they need to improve.
- **Attempt Analysis:** A unique analysis of questions attempted by the students' according to their difficulty level is provided to the students' to give an understanding of whether the easier questions were attempted earlier than the difficult questions or not.

3. Merit wise batches

Merit based batches is one of the attributes that is common across all the successful JEE institutes across the country. It is a proven fact that when students study with peers of relatively same intelligence level, they are able to learn more and even the teachers are able to plan their lectures well. This also creates a spirit of positive & healthy competition among the students.

4. Focus on Boards & MHT-CET as well

We at BT teach the basic concepts so well that the student understands the subject to the core and then it is just a matter of a little bit of tuning according to the different exams. We ensure that the students get thoroughly prepared for the board exams & other popular exams like MHT-CET, BITSAT, Olympiads etc as well. After the syllabus is completed in 12th std (sometime in October), we conduct special lectures for Boards/BITSAT/MHT-CET preparation. In such lectures, students are trained as per the different pattern of these exams and mock tests of all these exams are also conducted. Students at BT have been doing exceptionally well in Boards, BITSAT, MHT-CET & other exams (details of the same have been updated on the website link: https://www.bakliwالتutorialsiit.com/result_other_exam/).

What makes BT different?

5. Well Equipped Classrooms, Study Room & Library Facility

BT offers state of the art infrastructure at each of their centre with spacious, AC ventilated classrooms having Digital Boards. In addition to the classrooms, separate study rooms are maintained which are dedicated for students for their self study. Students can also make use of the various reference books available in the library.

6. Counseling Session after JEE Advanced Result

A detailed counseling session is conducted for all the students after their JEE and other exam results are declared. In this session, along with the teachers, senior students from BT, who have joined various IITs and other top colleges like NIT's, BITS etc. participate and guide the passing out batch on the right options to choose as per their merit and interest.

7. Student Mentorship Program

At BT, every student is assigned a personal mentor to support them throughout their academic journey. These mentors are young, enthusiastic trainee teachers who have recently graduated from premier institutes such as IITs and NITs. They interact with students regularly, discussing their academic progress in detail, including daily study routines and overall performance. Mentors closely monitor each student's growth and also stay in touch with parents to keep them informed. Beyond academics, they act as an elder brother or sister, offering guidance, motivation, and emotional support whenever needed. Mentoring sessions will formally begin once fully offline lectures commence across all centres, ensuring more structured and effective interactions.

8. BT Culture

Out of the box events like Whizz-kid (Puzzle Competition), Felicitation Function in which meritorious students are awarded with Cash Prizes, Staff birthday celebrations, Picnic with 12th passing out students along with the faculty, Seminars, Counselling Session after JEE Advanced result etc truly make BT different.

9. Interaction with parents on child's progress

We ensure that we stay connected with parents through various ways and keep them in loop with respect to their child's progress during the preparation. Parents are also sent absenteeism SMS on daily basis and test results with detailed analysis after every test. We also conduct a seminar on effective parenting where we share our views on how parents can contribute in child's studies. PTM is occasionally conducted where one to one feedback is provided to them etc. Parents can also meet teachers occasionally after the lectures. Thus, parents are kept totally involved during the entire journey so that we work together for the intellectual growth of the child.

10. Insightful Seminars

In addition to the regular lectures, special seminars on various topics are conducted at regular intervals to guide the student on mental and other aspects which are important for JEE preparation along with the academics part. Special seminars/interaction sessions are also conducted with parents where we discuss with them as to what can be their role on their child's preparation. This ensures that students are highly motivated and aware about all the important aspects during their JEE preparation journey.

All those hours spent in class studying, discussing and laughing cannot be forgotten. I have no doubt that I would not be able to get even a triple digit rank without BT. The teachers here are truly amazing. They know exactly what works and exactly when to push students. I had never seen such passionate teachers before joining BT.

What I will remember the most about BT is the culture. The breezy lectures that helped us study without pressure, the friendly and close teachers who were also our mentors, the close-knit social circle of the students; all of these are what make BT special. I will always remember these crucial, yet enjoyable years.

Especially Vaibhav sir, whose mental preparation techniques gave me confidence that I really could crack IIT. He also taught me how to learn physics, and how to really dive into a topic. If I got a chance to do this again, I surely would, and would strive to do my best, as was the most important lesson given by BT to me.

I joined BT in 8th grade for the foundation course which helped me appreciate logical reasoning and I pursued the spl comp course in physics for 2 years (9th, 10th) which helped me appreciate the power of fundamental thinking. In all these courses all the teachers I have encountered & all my peers have been very friendly and willing to discuss anything freely, all thanks to this wonderful culture at BT.

My journey here at BT was a very memorable and fantastic road. I found a friend group with the same focus, and we would resonate so well and helped each other grow and learn. The teachers here were absolutely wonderful, with deep conceptual knowledge and an incredible eagerness to help the students with doubts.

IIT JEE 2011 AIR 53 - Pune Topper

I have no idea what might have happened on 10th April 2011, had I never joined BT. Maybe I wouldn't have qualified at all... maybe I would have narrowly qualified with a rank in the 9000s. It's impossible to predict. But one thing is of sure - Those two years spent preparing for JEE would surely not have been as much fun!

These two years in BT were, quite simply, AWESOME. I studied the hardest I had ever in my life, and I also did the most to enjoy myself these two years. And if I could turn back time, I'd do it again, no doubt.

I have studied at Bakliwal Tutorials-NT for 4 years starting at my XI standard. What a journey it has been! All the BT teachers are amazing who take infinite pains teaching us all there is to know and guiding us in understanding the various concepts. They have been with us at all decisive moments during last 2 years. They never hesitated to help us.

My main phase of preparation was the Comprehensive Course in 11th & 12th. These 2 years have been the most fruitful & memorable years of my life, and not only did I study PCM in great depth, but I also transformed as a person. In my opinion, JEE is not only a test of PCM skills, but also of perseverance, dedication and presence of mind.

Vedant Talegaonkar **JEE Advanced 2022 AIR 89 - Pune Rank 2**

I got an AIR of 5883 in my 1st attempt. I knew I had not worked as hard in my 11th and 12th and hence hadn't performed to the best of my potential. This is when I was wisely advised by VB sir to give it another shot and join the fighters batch at BT.

“

At Bakliwal Tutorials, our Faculty is our greatest strength. Our team of seasoned educators, subject matter experts and passionate mentors are dedicated to unlock your child's potential.

Over the years, more than 10,000 teachers have applied at BT. Through a stringent selection process, we select the best out of them. Unlike other coaching classes which have only 1 or 2 'good' teachers, each and every faculty at BT is extremely knowledgeable, approachable and passionate about teaching. This is in line with the BT's value system that each and every student is taken due care of and that student maximizes his/her performance and surpasses one's own expectations.

Feedback of almost all teachers at BT, as frequently taken from students, is more than 9.3 out of 10 for most teachers.

”

Along with the regular faculty, BT has around 30+ Trainee Teachers from various IITs/NITs. They are young teachers who've themselves gone through the JEE preparation journey recently. They assist students with their doubts in both online and offline mode. They are also involved in the Student Mentoring Program and guide each and every student with a one-to-one mentoring sessions.
